

Oracle® CorporateTime for Macintosh

Release Notes

Release 5.2.3

August, 2002

Part No. B10153-01

This document summarizes the differences between Oracle CorporateTime 5.2.3 for Macintosh and its documented functionality. For the most recent and up-to-date information on this product, consult the *Oracle Collaboration Suite Release Notes Addendum*, available online at <http://otn.oracle.com>.

1 Certification and System Requirements

- n Macintosh Power PC
- n System:
 - Mac OS 8.6
 - Mac OS 9.0-9.2.2
 - Mac OS X 10.1-10.2
- n RAM: 10 MB minimum
- n 8 MB hard disk space
- n Calendar Server: Oracle Calendar server 5.5 (included with Oracle Collaboration Suite)

2 Post-installation configuration steps

2.1 Connecting to a server for the first time

If you wish to keep any Entries you have created in an off-line agenda, you must upload your off-line agenda manually after connecting to the server. After uploading, the client will ask you if you wish to replace your off-line agenda with one that has been synchronized with your server.
